

FOR ELIGIBILITY

Meet Olive, Your Newest Employee

Using Artificial Intelligence, Olive becomes a valuable employee by automating repetitive, high volume tasks, and provides true interoperability by working with the systems and tools you already have in place.

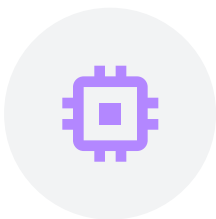

Technical errors cause 61% of initial medical billing denials for eligibility.

Olive becomes a valuable employee by automating repetitive, high volume tasks, allowing your staff to focus on the most important thing—your patients.

By identifying ineligible patient insurance at the beginning of the eligibility process, Olive helps your staff dedicate their time to patients requiring the most attention.

Olive...

- ▶ Pulls a patient's information from your EHR
- ▶ Uses that information to check against insurance eligibility portals
- ▶ Reports that information back to your staff for further review
- ▶ Makes recommendations and solutions based on her findings

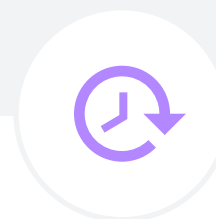

NO INTEGRATIONS

Olive uses your existing applications and is system agnostic

FULL AUTOMATION

Eligibility, prior authorizations, claims processing, order management, and more

AROUND THE CLOCK
